

SUNSET GOLF CLUB

SUNSET COMING TOGETHER

Where has the time gone? June 17th marks three years since the beginning of Sunset's dynamic course changes. Sunset's Golf Superintendent Craig Kinsey and myself were riding the course last week and marveling over the transformation that Sunset has gone through. The course has truly matured over that time and certainly has met our expectations. So much so that we are planning to continue those improvements by implementing more of the native grasses and wildflowers on the back nine as well. Londonderry Township's MS4 Environmental Specialist, Monique Dykman, has secured state funds from DCNR to help offset any costs for the project. The project will not only improve the aesthetics of the back nine but will aid in reducing labor costs by reducing our mowing acres.

Craig had implemented a bunker renovation program last Fall and plans to continue improving our bunkers playability in 2020. Leveling tee boxes are also on Craig's improvement list for 2020.

Sunset Golf Club will again host numerous golf outings, corporate outings and fundraisers. Full catering service is available as well as alcohol and beverage services. Sunset Golf Club offers a beverage cart daily, weather conditions permitting, for your convenience.

The deck at Sunset Bar and Grill continues to offer a scenic setting while eating great food, winding down and enjoying one of the many drink specials available that day. Let's not forget Sunset Bar and Grill has live entertainment every Thursday night, from June 4th thru October 15th, where you can enjoy some of the area's best musicians.

Sunset Golf Club has become a special venue to host weddings, anniversaries, graduation and birthday parties. Catering, beverage and alcohol services available. Need a change of scenery for a business luncheon, seminar or meeting place let Sunset Golf Club host your event and do the work for you.

Sunset Golf Course has become so much more than a place just to play golf. So, where can you play a round of golf on a great course at a great price, enjoy good food and a beverage while listening to some of the best music in the area on a Thursday night overlooking the Susquehanna River and surrounding counties on our scenic deck and it's right in your backyard. SUNSET GOLF COURSE Come see us !
